PROFESSIONAL SUMMARY

Customer and technical support professional with an ICT diploma and 19 months on international e-commerce and retail accounts. Handled about 70 contacts a day on each account across support and direct sales, resolving issues at first contact, escalating cleanly and documenting every interaction. Hands-on with CRM support, PHP and JavaScript, PC hardware and basic networking. Available immediately and dependable on rotating night shifts.

CORE SKILLS

Support and service tools: Zendesk, Jira, Verint, Five9, Slack, Microsoft Teams, Microsoft Office
Technical support: Fault diagnosis, Tier 1 support, account and access issues, ticket triage, SLA adherence, escalations
Sales and customer: Direct sales calls, upselling, retention, de-escalation, interaction documentation, reporting
Implementation and dev: CRM support, onboarding, product activation, PHP, JavaScript, Bootstrap 5
Hardware and networking: PC builds, upgrades, hardware maintenance, cable management, basic networking, IoT

PROFESSIONAL EXPERIENCE

Contact Centre Agent - CCI Kenya, Nairobi *Nov 2024 - Jun 2026*

Whatnot account (Feb 2025 - Jun 2026); Sharper Image account (Nov 2024 - Jan 2025)

- Handled about 70 contacts a day on each account (Whatnot and Sharper Image) across support and direct sales, measured by daily performance and hygiene KPIs met consistently, by triaging in Zendesk and escalating through the correct channel.
- On Whatnot, converted 19 to 22 direct-sales calls a day out of roughly 30, measured by daily conversion count, by identifying customer needs and upselling proactively.
- On Whatnot, averaged 7.5 minutes handling time per email issue, with monthly CSAT of 75 to 86 percent (Zendesk customer ratings, verified against RTA reporting), by diagnosing the problem first and resolving at first contact.
- Raised, tracked and followed up technical escalations in Jira, measured by response and resolution targets met, by documenting every case for the next owner.
- Supported quality assurance, dispute investigation and reporting, by writing an accurate interaction summary after every contact.
- Kept strong attendance and adherence on rotating US-time-zone night shifts (Verint); used Five9 for outbound campaigns, Slack and Teams for coordination.
- Moved from the three-month Sharper Image contract onto the permanent Whatnot account in Feb 2025.

Junior Developer Intern - Excelle Insights *Jan 2024 - May 2024*

- Supported a real-estate CRM platform across lead integration, client onboarding, product activation and payment processing, working under senior developer supervision.
- Debugged and maintained back-end features in PHP and JavaScript with a Bootstrap 5 front end, and documented each fix for handover.

Online Sales Agent (Commission) - Custom Apparel *2023*

- Sold custom-made bags across several online platforms on a 20 percent commission basis, handling each enquiry from first contact to confirmed sale.

Sales Assistant - Denis Electronics *Jan 2021 - Aug 2021*

- Sold consumer electronics and advised walk-in customers on product selection, specifications and basic setup.

EDUCATION

Diploma in Information Communication Technology (Accounting minor) - JKUAT, School of Computing and Information Technology, 2022 - 2024. Graduated November 2024.
Certificate in Information Technology - JKUAT, Sep - Dec 2022. Credit pass.
Kenya Certificate of Secondary Education - Kianyaga High School, 2015 - 2018.

PROJECTS AND ADDITIONAL INFORMATION

- GitHub (primalsonics): Ubuntu system administration utilities, including cross-package management across Flatpak and .deb, and a command-line tool for managing GOST proxy servers.
- Languages: English, Kiswahili, Kikuyu. Qualified driver, Class B (manual and automatic).
- Police Clearance Certificate (Nov 2025) and other certificates available on request.
